

Mathematic Property: *atis*AptacScore

(*Mathematic properties* are those properties that are part of the meta-theory and have been abducted from mathematics to be used as a tool to provide solutions concerning the theory. Those solutions may be assigned as values to components or relations of the theory and thereby become part of the theory.)

APT&C score, \mathcal{A} , =_{df} a score obtained by the recording of empirical relations evaluated over a period of time.
