

## System Type: *atis* C<sup>3</sup>I Subsystem

(*System type* is part of the metatheory and describes configurations and properties that characterize a specific system.)

**C<sup>3</sup>I subsystem**,  ${}_{C3I}\mathcal{W}$ , =<sub>df</sub> the subsystems consisting of command, control, communication and intelligence.

$${}_{C3I}\mathcal{W} =_{df} \mathfrak{F}(\mathcal{W}) = \{ {}_e\mathcal{W}, {}_c\mathcal{W}, {}_j\mathcal{W} \}$$

**C<sup>3</sup>I subsystem** is defined as the family of *Warden Partition Subsystems* equal to the command, control, communication and intelligence subsystems.
